

## Appendix D: TMS Session Log Sheet

Each TMS session conducted at CCBBI must be documented in a log maintained by the research team. This log supports internal recordkeeping, safety auditing, and compliance with CCBBI policies.

A sample session log template is provided below.

<b>TMS Session Log – Participant Record</b>	
<b>Field</b>	<b>Entry</b>
<b>Date of Session</b>	
<b>Start Time / End Time</b>	
<b>Study Name / IRB Protocol Number</b>	
<b>Participant ID</b>	
<b>Level 2 Certified Operator &amp; Assistants</b>	
<b>Coil Used (e.g., Cool-B65, C-B60)</b>	
<b>Stimulation Parameter File</b>	
<b>Stimulation Intensity</b>	% MSO
<b>Was Neuronavigation Used?</b>	<input type="checkbox"/> Yes <input type="checkbox"/> No
<b>Participant Response</b>	<input type="checkbox"/> Tolerated well <input type="checkbox"/> Discomfrt <input type="checkbox"/> Other (describe below)
<b>Adverse Events or Deviations?</b>	<input type="checkbox"/> No <input type="checkbox"/> Yes (describe below and report to PI / CCBBI)
<b>Comments / Notes</b>	

### **Instructions for Use**

- Complete a separate log entry for each TMS session.
- Upload to OneDrive folder on TMS stimulus computer immediately after the TMS session.
